Little Light

Chad Price

Every road...you don't know 'til you travel it,
On your own...you don't know how to handle it,
And marching on can be the hardest thing,
Amidst all the meandering,Oh my dear I've faced a few fears,
You can tell on my face sometimes,
And I won't pretend you won't see it again,
But I know that you're at my side,When I'm in the dark,
You light the spark,
You'll always be my little light,
In my disarray,
You light the way,
You'll always be my little light,
I know you don't expect anything in return from me,
Well I don't deserve it,
I'm gonna earn it,
I'll carry your burdens as long as you need,When I'm in the dark,
You light the spark,
You'll always be my little light,
In my disarray,
You light the way,
You'll always be my little light,
When I'm in the dark,
You light the spark,
You'll always be my little light,
In my disarray,
You light the way,
You'll always be my little light,
You're my little light,
My little light,
