Appetizer

Freak Kitchen

Everyone looks at her
She only looks at me
The waiter introduces us to each other
This woman's a delicacyMy eyes lick her body
She smells oh so nice
I wanna eat her all up
A taste of paradiseAppetize, Appetize,
Appetize, AppetizerI am a simple man
And I've got simple needs
I'm starving to see what she's hiding inside
Hungry for her dirty deedsA one way conversation
Her eyes say it all
We both know what we want tonight
I feel my stomach callAppetize, Appetize,
Appetize, Appetizer
