

# Monomania

## Deerhunter

My only boy couldn't leave his name  
Come on boy let me say that a  
If you wanna be with me yeah  
I can be your home away Come on god hear my said prayer  
If you can send me an angel  
If you can't send me an angel  
Send me something else instead Send my heart to the sea  
Oh the empty sea  
But there's a light in the core  
And there's nothing left no more  
No more no If you can't choose me  
Then you can't see  
There's a light in my heart  
And it' won't be there tomorrow There's a man  
There is a mystery where  
And in my dying days  
I could never be sure Well never mind  
And then they take me away  
And then they take you away  
They'll never take me away And in my head  
There is something rotting dead  
I can't compete with her  
Let me be released from this Mono-monomania
