Bonfire

Sofia Talvik

My heart is bursting at the seams
It's too crowded with you there
Please leave or I will burst into flames tonight
I will light up the town and the sky
chest cracked open like a bonfire
Burning for you in the night
like a bonfire, like a bonfireMy heart is bursting at the seams
It's too full to keep you there
and I have nowhere left to put that love anymore
Too close to the flames and the heat
Ashes smeared over my chapped dry lips
Burning for you in the night
like a bonfire, like a bonfire
