Let Your Wall Fall Down

Boyzone

Let your wall fall down
Let your wall fall down
Let your wall fall down
Let your wall fall down
I look into your eyes, see that you're afraid of something
But you don't want to leave if there's no place to hide
But how are you going to breathe with your head in the water?
Everybody dreams if they dare to look inside
So let your wall come down
And some love come in
'Cause the time is now, to stand together
Let these words ring true
Let the light come through
Let it shine, oh, whoa
We can leave the sorry world behind
Never stop believing 'cause the time is coming
Believe it in your heart and in your mind
A new beginning for you and I as we watch the wall fall down
When you're afraid to lose, our hearts starts frozen
This is why we choose to pretend we are free
We can only love when our hearts are open
Sometimes we only see what our eyes wants to see
So let your wall come down
And some love come in
'Cause the time is now to stand together
Let these words ring true
Let the light come through
Let it shine, let it shine
We can leave the sorry world behind
Never stop believing cause the time is coming
Believe it in your heart and in your mind
A new beginning for you and I, as we watch the wall fall down
Watch the wall fall down
Let your wall fall down
Let your wall fall down
Let your wall fall down
Can you hear me now I'm telling you?
Let your wall fall down
Can you hear me now, hear me now, hear me now?

Let your wall fall down
Let them all fall down
Let your wall fall down
Let your wall fall down
Let your wall fall down
Let them all fall down now, baby
Let your wall fall down
Let your wall fall down
Let your wall fall down
Let your wall fall down
Let your wall fall down
