

All Over the World

The Fooo Conspiracy

Don't mean a thing if you lose and you win
we can show you what it's all about
don't mean a thing if you lose and you win You gotta move gotta move like that
move like that to the grove like that
you gotta move gotta move like that We got the love together we can sing it
all over the world all over the world
We all belong together we can bring it
all over the world all over the world Beat it Beat it It doesn't matter who you are where you're from
we can make it to the break of dawn
it doesn't matter who you are where you're from
yeah You gotta move gotta move like that
move like that to the grove like that
you gotta move gotta move like that Beat it We got the love together we can sing it
all over the world all over the world
We all belong together we can bring it
all over the world all over the world Beat it Beat it You gotta move gotta move like that
move like that to the grove like that
you gotta move gotta move like that
all over the world You gotta dance gotta dance like that
dance like that to the beat like that
you gotta dance gotta dance like that
all over the world Beat it We got the love together we can sing it
all over the world all over the world
we all belong together we can bring it
all over the world all over the world Beat it You gotta move gotta move like that
move like that to the grove like that
all over the world all over the world You gotta dance gotta dance like that
dance like that to the beat like that
all over the world all over the world Beat it Beat it
