Whip It Up

Keith Richards

Whip
Whip it up
Whip
Whip it upDon't know what you dream at night honey
Close your eyes and see
Leave the rest to meI'll be stealin' in if you give me half a chance
C'mon baby let's get this dream to danceWhip it up
C'mon Whip
Whip it up
Whip it up, Whip it upWell it seems so sad to me, the way we carry on
Why, why baby can't we get along
I ain't deceivin' you if you ain't deceivin' me
Then someone else has lied to us Yeah
Don't deny itSave it for another day
Don't save it for me
If I ain't good enought for you
Then maybe baby you ain't good enough, good enough for meWhip it up baby
Just a flick of the wrist
Twist of the mind
Whip it up
Whip it up
Whip
Whip it up
