

Screaming In The Dark

Halford

Inner world trance of the lifeless souls
Search and destroy of the damned
Turning the grave of the bleached out bones
Rise of the ghosts of bedlam Lay on the blade of the cold guillotine
Feeling the steel on my spine
Taste of the blood as it falls from my mouth
I'm evil suspended in timeScream
In the dark
Of my world
Inner darkWhy?
Does the torture remain and persist?
Die?
Can I never submit and resistance?Down on my side
The nightmares colliding
I'm writhing and raging in flames
Bite on the bitch on the back of the beast
Burning desert plainsScream
In the dark
Of my world
Inner darkViolence rides as the human race dies
Death bringer stabs away lifeScream
In the dark
Of my world
Inner darkScreaming
In theScreaming
In theScreaming
Inner darkness of my world
