

I Close My Eyes

Shivaree

Giddy-up old boy it's time to go
Vous les vous savior the love below
Brother, I've got more than you can take
But more than I can do to stay awakeI close my eyes
So I can dream of ways to keep you occupied
So I can lock you up we'll keep it classified
 Alright
 You're mine tonight, son
When I close my eyesI can make you sorry when I want
 Find some other house for you to haunt
 Carry out your sentence in my head
 All I have to do is go to bedI close my eyes
 So I can dream of ways to keep you occupied
 So I can lock you up we'll keep it classified
 Alright
 You're mine tonight, son
 When I close my eyesHide and seek, yellow ducky
 Feeling weak or feeling lucky, sonWho's got milk? The baby's crying
 Shut 'em up, get 'em flying
 Little kiddies bought and sold
 And papa's got a brand new bag of goldTonight
 I'll dream of ways to keep you occupied
 So I can lock you up we'll call it classified
 Alright
 You're mine tonight, son
 When I close my eyesSo right
 I'll dream of ways to keep you occupied
 Tonight I can lock you up we'll call it classified
 Alright
 You're mine tonight, son
 When I close my eyes
