I'm Sorry

Jamie Rivera

i can see it in your eyes
there's a certain sadness
was it me who made you cry
oh please won't you tell me why
was it something that i have said
or maybe how i reacted
please don't make it hard for me
cause i'm willing to say i'm sorry

ref:
i'm sorry if i,m always out of sight
or fail to kiss you goodnight
i never meant to leave you
i'm sorry if i've taken you for granted
for the crazy things i've said
i'm sorry i should have loved you

i can tell it with your smile
i know your hurting inside
will yuo ever forgive me
if i tell you that i'm sorry

ref:i'm sorry if i'm always out of sight
or fail to kiss you goodnight
i never meant to leave you
i'm sorry if i've taken you for granted
for the crazy things i've said
i'm sorry i should have loved you instead
