

This Is My Party

Fabulous

Hey hey hey yo

Hey hey hey yo

Hey hey hey yo

F A B

Hey hey hey yo

Hey hey hey yo

F A B

Hey hey hey yo

Hey hey hey yo

Ain't no tellin' what this hypno' will do to me

I'm feelin' like I can do what I want now, dip-low immunity

Shorty, just shake your hips slow and move wit' me

Take a hit a this and sip slow and thoroughly

You're sneakin' out on your man, tip-toein' to the V

'Cause I know you got him whipped though like wannabe

Let's put on a live strip, show just you and me

But girl, I'm lookin' at them lips though like who is he

They ain't never seen a whip, clothes or jewelry

So when I ask "You wanna leave the zip-code", say "Sure" and be me

But this is my party

Stroll by if you want to

Or ya'll can stay home

But why would you want to?

We gon' party, till we laid in graves

Sweat out our doobie braids and waves

Then scream "Hey hey hey yo"

That groupie made a wave

'Cause when she seen the whips and chains

She started talking 'bout she ready to be made a slave, c'mon

This is my party

So get fly if you like to

Get high if you like to 'cause I know you like to

Put your hands up as high as you like to

And if it feels good scream "Hey hey hey yo"

This is my party

So get fly if you like to

Get high if you like to 'cause I know you like to

Put your hands up as high as you like to

And if it feels good scream "Hey hey hey yo"

I don't know about y'all
But we doin' it over here
All the glasses got liquid that blue in it over here
Cigars got somethin' sticky that's gluing it over here
Ladies movin' it over there, movin' it over here
I can fit a few in a Rover's rear
We havin' a good time, don't ruin it overs this
You see why we asks is to see ID
'Cause girls will do anything for some VIP access
Me I relax this, easy

'Cause I'm used to ballin'
You could tell that these guys need practice
But if it was a problem then I would confront you
You saying "no" but ya eyes say, you want to
But a pitcher that probably slugs, pitches and talk a put
I ride wit' the top down and switch to the top-up look
Would you believe most these bitches go bop up shook
Their asses pokin' out like them pictures in pop up books

This is my party
So get fly if you like to
Get high if you like to 'cause I know you like to
Put your hands up as high as you like to
And if it feels good scream "Hey hey hey yo"
This is my party
So get fly if you like to
Get high if you like to 'cause I know you like to
Put your hands up as high as you like to
And if it feels good scream "Hey hey hey yo"

Oh yea, we so off the Richter scale
Hate will get you, put in coffins quick as hell
If the ladies would show it off and thick as hell
For my hustlers knockin' off them bricks as well
And everybody, up North that's sick in jail
I probably feel y'all, send you all of the flicks in mail
The street family speed off in six SL's
To all them chicks that yell "Hey hey hey hey yo"
Shake your glasses back and forth to mix it well
Shake your ass back and forth as quick as hell
And just from lookin' at them thighs from the front view
Girl, I know that these guys say, they want you
If I wake up in the sand, clothes from yesterday
Same hoes from yesterday
Lightin' clips to the same dro' from yesterday
Her hangovers yesterday

You ain't mistaken, we in Benz's today
But we had them Range Rovers yesterday
This is my party
So get fly if you like to
Get high if you like to 'cause I know you like to
Put your hands up as high as you like to
And if it feels good scream "Hey hey hey yo"
This is my party
So get fly if you like to
Get high if you like to 'cause I know you like to
Put your hands up as high as you like to
And if it feels good scream "Hey hey hey yo"
Hey hey hey yo
Hey hey hey yo
