

Private Dancer

2 Pistols

Oh, oh, oh, she really want me, she dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer Your mama is a superstar, look at all that ass on
her
I confess, I can't lie I'm the biggest fan of her, oh yeah
She be getting low granted slow, I need a dance from her
When I leave the club lick it up, guess who passes ya I'm fascinate, stallion, you know I got that stamina
... sexy good, let it would I'm nowhere at ya
I glow line them whole mine I'ma whole brain damaging
Truly Louie Gucci that's the only fuck with rappers what?
I'm blowing only Vichy, who I think I'll meet be?
Today I'm with my black sleeves, tomorrow I'm with my white jeans
And the next day with my ... and then I'll be by the action
You can hit the roll but I'd rather see the private dancer Oh, oh, oh, she really want me, she dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer Oh, oh, oh, she really want me, she dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer I got a pocket full of money, she dancing on me
Club ran out of lunch, I'm throwing honeys and I'm blowing on out loud
You see me spending energy or was it open
Is she getting nothing from me, ... money
Shorty, you know who I am ... that love money, plus I do it ...
... you see them stones in me sheath
We bought that honey, did you see that blood money clean?
... Shorty we be wailing, why won't you come back to the crib so we can make this dance private
I'll be on some flashes, you can call me pilot, when I hit a weak .. she was flying Oh, oh, oh, she really want me,
she dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer Oh, oh, oh, she really want me, she dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer

The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer Why won't you come back to the crib so we can
make this dance private?
I'm blowing only Vichy, who I think I'll meet be?
I'm blowing only Vichy, who I think I'll meet be?
We be deserve it, shorty we be wailing I'm blowing only Vichy, who I think I'll meet be?
I'm blowing only Vichy, who I think I'll meet be?
We be deserve it, shorty we be wailing
Why won't you come back to the crib so we can make this dance private? Oh, oh, oh, she really want me, she
dancing on me,
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer
The way she told me only makes me spend my money
Cause she's my private dancer, cause she's my private dancer.
