Time to Go to Sleep

New Buffalo

Time To Go To SleepTime to go to sleep
Just lay back (just lay back)
And relaxTime to close your eyes
Just lay back (just lay back)
And relaxOn the seventh floor
I can see it, it's a swimming pool
But it looks like a river
Saturday, what a day
I'm not lonely
But I'm
All alone
I'm trying to go to sleep
But I can't go to sleep
I lie awake with
Coloured lights and ideas
Stacked up high
Where's the diamond in my
Messy mindUnderneath the streetlight
You see who I am
It lights up the patterns and games
And incomplete sounds and new names
Saturday, what a day
I'm not lonely
But I'm
All alone
I'm trying to go to sleep
But I can't go to sleep
I lie awake with
Coloured lights and ideas
Stacked up high
Where's the diamond in my
Messy mindI'm trying to go to sleep
I lie awake with
Coloured lights and ideas
Stacked up high
Where's the diamond in my
Messy mind
Coloured lights and ideas
Stacked up high

Where's the diamond in my
Messy mind
