

# Face Melting

## Choir of Young Believers

Feel dissolved  
It sticks to everything  
And then it opens up  
It melts my face away  
Pallisades  
I rest my head upon your shoulder  
Now its time  
It never added assets to the sum  
Come on  
Come on  
Seems as if  
There is never need for words  
When we are together  
Now nothing ever lasts  
Feel dissolved  
Feel imitation upon imitation  
How it keeps it numb  
Come on, come on, come on  
New morning sun  
Face melting  
Face melting  
Face melting  
Face melting  
Du kan elske hvem du vil  
See this heart  
It never added assets to the sum  
Face melting  
Face melting  
Face melting  
Face melting  
Face melting  
Face melting  
(Face melting)  
(Du kan elske hvem du vil)
