

Visions

Colonial Cousins

Visions in your eyes, Telling me no lies
I can see, deep within your heart
Heart is on fire, Its human desires
Feel the pain, (of losing you again ///)
Water in my eyes, Telling me no lies
I feel the pain, of losing you again

CHORUS :

Water runs down on my face.....
Fire runs in empty space
Let the air, take me in
Only Phool* with, carry me away

(Interlude)

CHORUS

Visions in your eyes, Telling me no lies
I can see, deep within your heart
Heart is on fire, Its human desire
Feel the pain, of losing you again
Water in my eyes, Telling me no lies
I feel the pain, of losing you again

CHORUS

Don't go, please stay, I'll promise you I'll change my way //.....
(fade..)

*Phool - meaning "flowers"
