Suede

Back where the dogs bark where still life bleeds the concrete white

Try not to go too far inside your mind.

Back where the cars decide where the lame star limps an endless mile

Have I gone too far inside my mind?

Oh if you were the one would I even notice now my mind has gone?

Oh if you were the one would I even notice? Back where the car was parked where the canine in the A line stole
your time

You can only go so far for womankind, Oh, if you were the one, would I even notice now that he has gone?

Oh, if you were the one, would I even notice? Does your love only come, does your love only come,

Does he only come in a Volvo?
