

I Make a Great Villain

Deciding Tonight

I'll be the spark that ignites a flame
Wilderness that you try and tame
I'll be the first to tell you that I don't care (I don't care) Inviting eyes and a dashing smile
Are just enough to hide away the demon that I've turned into
In a pact that I can't back out of Dialogues in a parking lot
Sharpened words tearing through your sanity
They're ripping through your sanity
And we're riding scars now [Pre-Chorus]
Caught in between
What I love and what I need
Caught in between
This is what I need
