Moving Target

Brock Wilbur

She's like a moving target
Every time I wanna come and get close
She fades away
She's like a moving target
If I don't hurry up and lock that
She will get away
Every time I step up and dance
She always looks away
But I know she's watching me
She thinks that I don't know
What's going down
It's all up in her eyes
So I know that she's feeling me
Can't stop thinking about it
It's about time I let her know
Ain't no secret about it
You want me girl, it shows
Girl you know, it feels like a dream
'Cause you fading out my life
And you know
It hurts when you leave
But I know that it ain't goodbye
She keeps moving and keeps moving
'Cause she's my moving target
She's like a moving target
Every time I wanna come and get close
She fades away
She's like a moving target
If I don't hurry up and lock that
She will get away
She's like a mystery to me
This girl has got me thinking
And I don't even know her name
And every time she come around
She don't know but money ain't a thing
I can make it rain
Can't stop thinking about it
It's about time I let her know
Ain't no secret about it

You want me girl, it shows
Girl, you know
It feels like a dream
'Cause you fading out my life
And you know
It hurts when you leave
But I know that it ain't goodbye
She keeps moving and keeps moving
'Cause she's my moving target
She's like a moving target
Every time I wanna come and get close
She fades away
She's like a moving target
If I don't hurry up and lock that
She will get away
