

# Velvet Elvis

Alex Winston

Ma said, I ain't right  
Clutching on you all night  
But you're my, you're my guy, Elvis  
Slice my starry eye  
Light his coat in turpentine  
Kill the bitch that bats an eye, Elvis  
Chorus  
When I feel your velvet, I can't help it  
Hold you by your frame, whisper your name  
When I feel your velvet, I can't help it  
And you don't breathe, so you can't leave  
And they're comin'  
they're comin'  
they're comin'

whoaa no (x4)  
(Touch) Shackled arms are tight, cause' papa said I cross the line  
Caught us in our special time, Elvis

Finger paint and circle time  
I love you till the day I die, Elvis
