Speak Up

Kristinia DeBarge

Speak up, your silence is killin' me I've had enough, baby speak up Are you lovin' or hatin' me? 'Cause I can never tellI'll be the first to admit it, been silent for a minute Thinkin' like damn, is he feelin' me? We fell in love, took a second but now I'm always checkin' 'Cause I never hear you say what you really thinkSome days I feel it then I feel it's over Some days we're hotter then some days we're colder When you open up our love is alive But now you're quiet and I'm dyin' insideSo baby speak up ' cause your silence is killin' me I've had enough, baby speak up Are you lovin' or hatin' me? 'Cause I can never tell, I can never tellJust let your heart say what you can't say, speak up Let your heart say what you won't say, speak up Don't let the silence tear us away 'Cause I can never tell, I can never tell If you don't speak upI don't know where you've been but nothin's makin' sense I'm standin' on this fence for you And even when you're here somehow you disappear If I could read your mind I'd know just what to doSome days I feel it then I feel it's over Some days we're hotter then some days we're colder When you open up our love is alive And now you're quiet and I'm dyin' insideSo baby speak up 'cause your silence is killin' me I've had enough, baby speak up Are you lovin' or hatin' me? 'Cause I can never tell, I can never tellJust let your heart say what you can't say, speak up Let your heart say what you won't say, speak up Don't let the silence tear us away 'Cause I can never tell, I can never tellSpeak up, I'll be at the door before the sun comes up Boy, catch me if you can while I'm poppin' that clutch Tried to be the one, I gave it all I've got I'm givin' you your last shotIf you don't speak up Say all the words that you never said Write all the letters that I never read Show me your words or the love is dead Just wanna hear it from youFirst to admit it, been silent for a minute Thinkin' like damn is he feelin' me? We fell in love, took a second but you're about to wreck it 'Cause I never hear you say what you really needBaby speak up 'cause your silence is killin' me I've had enough, baby speak up Are you lovin' or hatin' me 'Cause I can never tell, I can never tellJust let your heart say what you can't say, speak up Let your heart say what you won't say, speak up Don't let the silence tear us away 'Cause I can never tell, I can never tell Speak upIf you don't speak up Open up your mouth ' cause baby I'm listenin'
