

# Ball Cap

## Glen Templeton

Baby got a ball cap on  
Sure knows how to pull it off  
Sun out of them hazel eyes  
Looking so good but she don't try

Its just an old worn out hat  
I always wore it turned back  
but i couldn't help but laugh  
when she took it away from me

She don't know a thing about the braves  
and she could care less about the game  
but if you saw her right now you'd think  
it never belonged to me

Baby got a ball cap on  
Sure knows how to pull it off  
Sun out of them hazel eyes  
Looking so good but she don't try  
Actin' like its no big deal  
Smilin' underneath that bill  
Looking so right its wrong  
baby got a ball cap on, yeah  
She got a ball cap on

Its seen a lot of crazy nights  
Got a barbwire tare down the side  
yeah i wear it all the time but  
its never been wore like that

Baby got a ball cap on  
Sure knows how to pull it off  
Sun out of them hazel eyes  
Looking so good but she don't try  
Actin' like its no big deal  
Smilin' underneath that bill  
Looking so right its wrong  
baby got a ball cap on, yeah  
She got a ball cap on

God i love it when shes in a dress  
always lookin' her best  
but ill tell you what i cant resist

Baby got a ball cap on  
Sure knows how to pull it off  
Sun out of them hazel eyes  
Looking so good but she don't try  
Actin' like its no big deal  
Smilin' underneath that bill  
Looking so right its wrong  
baby got a ball cap on, yeah  
She got a ball cap on

Baby got a ball cap on  
(baby got a ball cap on)  
Yeah, got a ball cap on
