## Appletree, set me free

(Cool)

I got a lift home, I thought I was already on  
But I get stuck in traffic  
Yes, I get stuck in traffic if you know what I mean  
If you know what I mean

(Cool)

(Cool)

Between a second, again, or third drink  
My icy cough, I'm not very interested  
My cold set higher  
Higher than you  
It was the smoke in my eyes  
That made me want to cry  
But I don't think you believe me

It was the smoke that set off the fire alarm  
I was at the bar, no crashing a car  
But I don't think you believe me, do you?  
Everyone's watching, so try to act (cool)  
I read a manuscript, I read the older book  
I think I bought every, every issue  
I made a wrong investment, if you know what I mean  
I think I loved you, I think I told you so  
And after ten drinks this is what I meant to tell you  
Uh huh huh huh huh if you know what I mean  
It was the smoke in my eyes  
That made me want to cry  
But I don't think you believe me  
It was the smoke that set off the fire alarm  
I was at the bar, no crashing a car  
But I don't think you believe me, do you?  
Everyone's watching, so try to act (cool)
