Comanche

[Cake](#)

You need to straighten your posture and suck in your gut
You need to pull back your shoulders and tighten your butt
Yeah, come comanche, comanche, comanche, commode
If you want to have cities, you've got to build roads
You need to find some new feathers and buy some new clothes
Just get rid of the antlers and lighten your load
Yeah, come comanche, comanche, comanche, commode
Yeah, if you want to have cities, you've got to build roads
You need to straighten your posture and suck in your gut
You need to pull back your shoulders and tighten your butt
Yeah, come comanche, comanche, comanche, commode
Ah, if you want to have cities, yeah, if you want to have cities
No, if you want to have cities, you've got to build roads
