

Bloodflood

Alt-J

C-O-double M-O-N

A wave, an awesome wave, that rushes skin and widens in blooded veins.

Breath in, exhale, I've poked a nerve he'll slap me like a whale

Slaps the C-O-double M-O-N. Tide out, tide in, a flood of blood to the heart and the fear slipstreams.

Breath in, exhale, I've poked a nerve he'll slap me like a whale

Slaps the C-O-double M-O-N.

Flood of blood to the heart.
