Symmetry

Provision

Stop this, you?re never going to find it
When you complicate, you are left behind but
Longing, steals away the night
And steps away from eyes that are always searching
This time, you can feel his voice
And he?s never going to stop until it sinks in deeply
Falling, consecrated lies
And you?re letting go with time, 'cause you?re through with keeping
Is it so real? Never gonna stop till you want it, want it
Is it so real? Never gonna stop
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
Crashing, feel the way we move
Open up your eyes to the things around you
Haunting, take away the tears
'Cause you know that your heart is so close to beating
This time, you can feel his voice
And He?s never gonna stop until it sinks in deeply
Falling, consecrated lies
And you?re letting go with time, 'cause you?re through with keeping
Is it so real? Never gonna stop till you want it, want it
Is it so real? Never gonna stop
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
Is it so real? Never gonna stop till you want it, want it
Is it so real? Never gonna stop till you want it, want it
Is it so real? Never gonna stop till you want it, want it

Is it so real? Never gonna stop
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
'Cause we?re moving with a symmetry
And we?re crashing like the waves in the sea
And we?re moving to your heart this time
Release
It's so real
You are, you are
