Ride On Tears

Charon

I can be the one who will lead you through the godless run
I give you all I am, take the sinner down to feed desire
Forever and forever I shall crawl
So it's insecure that light will shine on you
At least I'll give you dark delight
Ride on tears ride on hollow fears against the endless carnival of lust
Forever and forever I shall crawl
Ride on tears riede on boulevard that leads you to mourn
Buried in your pride silence reflects all that you disguised
Carrying bliss inside forevermore it haunts the restless ones
Forever and forever I shall crawl
So it's insecure that light will shine on you
At least I'll give you dark delight
Ride on tears ride on hollow fears against the endless carnival of lust
Forever and forever I shall crawl
Ride on tears riede on boulevard that leads you to mourn
Leads you to mourn
Ride on tears ride on hollow fears against the endless carnival of lust
Forever and forever I shall crawl
Ride on tears riede on boulevard that leads you to mourn
Leads you to mourn.
