Memento Mori

Moonspell

I am the moment, the soul
The moment that ends it all
I am the second, the will
The serpent, the one you last recallThe living pulse of nightmares
Is on my side
With the shadows I fade into youA secret promise of leaving
Blanking your eyes
When you look for me try for once insideIn the sleep of cruelty
The old sounds of you and meI am the moment, the soul
The moment that ends it all
I am the second, the will
The serpent, the one you last recall (you are lost)The ones so long forgotten
Now at your side
Their spirits travel from me into youA rush of waters then afterlife
The wind in the trees
Yours is the fight in this minute darkI am the moment, the soul
The moment that ends it all
I am the second, the will
The serpent, the one you last...In the sleep of cruelty
The old sounds of you in meAnd for a moment it's gone
The beauty of it all
I am the second, the fall
The logic of it all
I am the moment, the soul
The moment that ends it all
I am the second, the will
The serpent, the one you last recallMemento mori!
