

# Olympic

## Besnyo

Could it be I'm a lonely one  
That made everything so upside down now  
Could it be all the lies I told that gave  
Nightmares to me after an Olympic day  
You said everything was fine but I saw you through  
And I knew that I was just as bad as you  
Never said I would give you up  
But if I must then tell me why now  
Never said I believed in all those things I've heard  
About you from those rumors now  
I thought everything was fine but you proved me wrong  
And I was taken by surprise  
Taken by surprise  
Don't like me, don't like me  
Don't you know I'm good for nothing?  
Don't like me, was what you told me when I called you up  
Don't like me, don't like me  
Don't you know I'm good for nothing?  
Don't like me, whatever I may say to make you feel that way  
Could it be I'm a lonely one  
That turned everything so upside down now  
Could it be that you told me that you still loved me that  
Made me change so quickly now, I heard me when you called  
Don't like me, don't like me  
Don't you know I'm good for nothing?  
Don't like me, was what I told you when you called me up  
Don't like me, don't like me  
Don't you know I'm good for nothing?  
Don't like me, even though inside I know I, want you to  
Didn't want to tell you what to do
