

# Be Aware

Dionne Warwick

When the sun is warm where you are  
And it's comfortable and safe  
Where you are,  
Well, it's not exactly that way all over.  
There somewhere in the world  
Someone is cold.  
Be aware!  
And while you're feeling young  
Someone is old.  
Be aware!  
And while your stomach's full  
Somewhere in this world  
Someone is hungry.  
When there is so much  
Should anyone be hungry?

When there's laughter all around me  
And my family and friends surround me.  
If I seem to be forgetful,  
Remind me  
That somewhere in the world  
People are weak  
Be aware!  
And while you speak your mind  
Others can't speak.  
Be aware!  
And while your children sleep  
Somewhere in this world  
A child is homeless  
When we have so much  
Should any child be homeless?  
Oh, no.  
Not even one child  
Be aware!
