

# Stronger Than Steel

## Early Grey

### Verse 1

Those nasty eyes look at you so gently, drive you  
Hypnotized, make you want her badly. You should  
    Take advice - pack it up and go away now  
    Don't think twice or this will be the end

### Bridge 1

Tell me how d'you feel about her  
And tell me what's your big disaster  
Come on and tell me what you want to be  
    I'll show you why you never win so  
    Why don't you listen to me?

### Chorus 1

Well it's worse than a hell  
    Like being under the spell  
Just look at the state that you're in  
    But if you wanna know  
    Where this cold river flows  
You got to be, then you got to be  
    Stronger than steel

### Verse 2

Those pretty eyes look at you so sadly. It ain't  
No surprise, she wants to kiss you deadly. You should  
    Take advice - pack it up and go away now.  
    Don't think twice - this will be the end

### Bridge 2

Don't ask me how to live without her  
    Believe me there's no big disaster  
Come on and show me what you wanna see  
    I'll tell you who you've always been  
    So why don't you listen to me?

### Chorus 2

Used to live on your own  
    With something you know  
And something you just can't take in  
    So if you wanna know

Where this hot river flows  
You got to be stronger than steel

Well it's worse than a hell  
Like being under the spell  
Just look at the state that you're in  
But if you wanna know  
Where your heart will go  
You got to be, then you got to be...  
Stronger than steel

### Chorus3

Well it's worse than a hell  
Like being under the spell  
Just look at the state that you're in  
But if you wanna know  
Where this cold river flows  
You got to be stronger than steel

Yes, it's worse than a hell  
Like being under the spell  
Just look at the state that you're in  
But if you wanna know  
Where your heart will go  
You got to be, then you got to be,  
I said you got to be, you got to be...
