

Stronger Than Dirt

Soul, Inc.

Somebody wake me up
The dream is growing cold
And the night is all we have
Left to hold Somebody sail this ship
 Navigate this crowd
 For what I once saw as land
I see as cloud But I am stronger than you
 And I am braver than you
 And I will still be here
When the dust has cleared Sometimes nothing is
 The better hand
 And you throw it all for this
I understand But I am stronger than you
 And I am braver than you
 And I will still be here
When the dust has cleared will you
Will you, will you, will you And I will still be here
 When the dust has cleared
 And I will still be here
 When the dust has cleared
Will you You will never get close to me
 You will never get close to me
 This is who we are
This is who we are You will never get close to me
 Who we are...
 You will never get close to me
 Who we are...
