

Anyway

Journey

A place in time can make the grind
Fall out when you want to
Anyplace, anytime
All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah
Anyway, anyway, anyway, anyway
Dark [Incomprehensible] are you havin' fun
Come on out with your play toys
You got the blues on the run
All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah
Yes, I'm gonna love you
Anyway, yeah yeah yeah
No, no, no, no, no, no, no, no
Feelin' low, how I loved you so
Cut out all your teasin'
You may never know
All the world loves another
You know you can't find no other
Still I'm gonna love you, yeah
Yeah, yes I know
Anyway, anyway, anyway, anyway
Anyway, anyway, anyway, anyway
Anyway, anyway, anyway
