

Let Me Love You (feat. Lil Wayne)

[Ariana Grande](#)

[Ariana]

I just spoke about you as my ex..

Now that I'm single (I don't really know what's next)

But I ain't even tripping, I'mma just lay back

I'mma let them be coming from the right and the left, left, left

I just spoke about you as my ex

I don't really say this but god damn you the best, best, best...And if it feels right, promise I don't think so

Until the day he was right by my side

I was thinking in my mind

Just let me lo-lo-lo-lo-love, love you

Just let me lo-lo-lo-lo-love, love you

Just let me lo-lo-lo-lo-love, love you

Just let me lo-lo-lo-lo-love, LOVE YOU And if it feels right, promise I don't think so

Until the day he was right by my side

I was thinking in my mind

Just let me lo-lo-lo-lo-love, love you

Just let me lo-lo-lo-lo-love, love you

Just let me lo-lo-lo-lo-love, love you (Just let me lo-lo-lo-lo-love, love you...)
