

My Only Crime

Highasakite

I dreamt I was the Devils child
if I dive in deep down and loose my mind
But I'm still in control while I ride off to war
on a horse into the bluest night
I made a deal and woke up sworn
I have the Devil in my bone
I dreamt I was the Devils child
if I dive in deep down and loose my mind
But I'm still in control while I ride off to war
on a horse into the bluest night
But I'm still in control while I ride off to war
on a horse into the bluest night
I made a deal and woke up sworn
I have the Devil in my bone
Oh, this love of mine
my only crime
But I'm still in control while I ride off to war
on a horse into the bluest night
