

# Scandalous

## Head Automatica

You ain't loved me right for a while  
For your hand and word I'd crawl a mile  
For all that I know  
For all that I know  
You're still scandalous  
You're so scandalous  
You're so scandalous  
You're so scandalous  
I just can't handle it  
You ain't loved me right for a while  
For all that I know  
For all that I know  
You're still scandalous  
You're so scandalous  
You're so scandalous  
You're so scandalous  
I just can't handle it  
You're so scandalous  
You're so scandalous  
You're so scandalous  
I just can't handle it  
Grin and bear it, I'll wear it  
My crown of thorns  
They better be pointed  
They gotta be pointed  
No mercy, no mercy  
My crown of thorns  
I gotta be hated  
I gotta be hated  
You're so scandalous  
You're so scandalous  
You're so scandalous  
I just can't handle it  
You're so scandalous  
You're so scandalous  
You're so scandalous  
I just can't handle it
