The Best Things In Life Are Free

Melbourne Ska Orchestra

The moon belongs to everyone
The best things in life are free
The stars belong to everyone
They gleam there for you and meThe flowers in spring
The robins that sing
The sunbeams that shine
They're yours, and they're minelove can come to everyone
The best things in life are freeThe moon belongs to everyone
The best things in life are free
The stars belong to everyone
They gleam there for you and meThe flowers in spring
The robins that sing
The sunbeams that shine
They're yours, and they're minelove can come to everyone
The best things in life are freeThe moon belongs to everyone
The best things in life are free
The stars belong to everyone
They gleam there for you and meThe flowers in spring
The robins that sing
The sunbeams that shine
They're yours, and they're minelove can come to everyone
The best things in life are freeooh... Lord... Everything...
Every one of those good things
The best, best things in life are free...
