# Pancho

## supersimetria

Pancho, don't you like me no more?
Pancho, to me our friendship means more
Pancho, please forget what I said
'Cause Pancho we're headin' towards our end
I remember the first time when you came to town
Speaking in Spanish making the rounds
When you first saw me your face was agrin
And you called me the Cisco Kid
Pancho, don't you like me no more?
Pancho, to me our friendship means more
Pancho, please forget what I said
'Cause Pancho we're headin' towards our end
I said someday you'll be happy with me Pancho
I remember the good times when you loved me so
I gave you my hat and wore your sombrero
And all of the times you saved me from death
Oh Pancho, you were the best
I had a black horse, you had a gray
My horse was fastest but yours did okay
When it came to chasin' rustlers we'd always win
'Cause we were Pancho and the Cisco Kid
Oh Pancho, we're headin' towards our end
