"Alone"

Falling in Reverse

Come on!Oh! This is the end of everything that I've known
Oh! This is the end of everything that I've known(so come on!)White boy on the beat rockin' Gucci sneaks
All I do is win, Charlie Sheen
Started out in '06 and revived the scene
So many motherfuckers wanna be like meCame from the lowest of lows
Rose to the top with a vision
My haters talkin' shit while washin'
Dishes for a livin'Fuck you bitches, I'm a business
I'll be kissin' on your missus
What you spend in 15 months is what I spend in 15 minutesAlone!
Don't give a fuck about you
You feeling froggy motherfucker
Ain't a damn thing you can do
You're a bitch, you're a punk
Don't make me pull the pump
Cock it back and leave you slumped now that's what i call bad luckOh, this is the end of everything that I've known
No way of knowing if I'll ever be home
I don't ever wanna be alone, alone
Oh, and if I try to make it out of this town
No way of knowing if I'll ever be found
I don't ever wanna be alone, aloneI've gotta lot of people talkin' nothin' but chatter,
Why'd you switch your style up, and that I don't matter
Man, I've been in rap since I was shittin' in Pampers
Climbed the ladder to the top and now I'm shittin' on rappersAll I do is work, straight up hustle and grind
So many people mad at me for crossing the line
I find it kinda funny the shit you say in your tweets
But when we're face to face you ain't got nothin' to say to me!(Alone!)Oh, So fuck you too!
You better take a step back before I call up the crew
You talk a lot of shit but you spread nothing but lies
You keep on running your mouth
You better open your eyesOh! This is the end of everything that I've known
No way of knowing if I'll ever be home
I don't ever wanna be alone, alone
Oh! And if I try to make it out of this town
No way of knowing if I'll ever be found
I don't ever wanna be alone! Alone!I'm on that wreck! Fly like a jet!
Switchin' my lanes like I'm racin' a Vette
I'm on that next! Girl loves sex

No doubt I'm on top of the world break ya neck (break your neck)!
Yo
So break your motherfucking neckI'm on that rack! Fly like a jet!
Switching my lanes like I'm racing a Vette
I'm on that next! Girl loves sex
No doubt now I'm top of the world, break your neckI'm on that next! Girl loves sex
No doubt now I'm top of the world, break your neck
So break your motherfucking neckOh! This is the end of everything I've known
No way of knowing if I'll ever be home
I don't ever wanna be alone, alone
Oh! And if I try to make it out of this town
No way of knowing if I'll ever be found
I don't ever wanna be alone, aloneOh! This is the end of everything I've known
No way of knowing if I'll ever be home
I don't ever wanna be alone, alone
Oh! And if I try to make it out of this town
No way of knowing if I'll ever be found
I don't ever wanna be alone, aloneYo! 2013 motherfucker! Falling In Reverse!
