

# Call On Me

## Eddie Money

When you're tired  
And feeling weak  
And your body  
Cries out for more  
Well, call on me  
'Cause I never sleep I still got the key  
Here in my pocket  
To your front door  
To your front door, baby Well, call on me  
Well, call on me, yeah  
Well, call on me, baby  
Because I, I never sleep I've had women  
Yes, I have  
I've had ladies  
And I've had  
Had little girls  
With nails like lace  
Had nails just like lace Digging in  
Digging in  
But somehow feeling good  
Anyway, anytime, any day Oh girl  
Well, call on me  
Well, call on me, yeah  
Well, call on me, baby  
You know I, I never sleep When you're tired now  
When you get tired  
And feeling so weak now  
And your body  
Talking 'bout your body  
Cries out for more  
Cries out for more, now Baby  
Well, call on me  
Well, call on me, yeah  
And, and when you need a little loving  
Because I, I never sleep Yeah, call on me  
Call on me, baby
