

Dangerous

Advisory - the following lyrics contain explicit language:

I never should have let my guard down
I wish I never knew all the things I found out
I wish I would've been more careful
And maybe I wouldn't be running from misery, oh no In the beginning gave me everything I need and more
I'm tired of dealing, gotta figure out how to even the score
It's payback, gotta make him feel it
For playing with my feelings, ladies I'ma tell it all Be on the lookout when he's coming to your area
I fell in love with him once, girls, I'm telling ya
I wish I knew what I know now
I swear it never would've went down Dangerous, hell steal your heart away, then run away
He's dangerous, protect your heart, hell tear it apart
Dangerous, hell steal your heart away, then run and play
He's dangerous, protect your heart, hell tear it apart I didn't see the crash that burnt the bridge
I didn't see the missile that sank my love ship down
Oh, I felt the hit, it was as hard as a brick
It made me shift and left me damaged Dealing with the pain was so hard
I can't believe the things that he did to leave me scarred
And now, it's payback, gotta make him feel it
He wish he never did it, but it's too late to turn it around Be on the lookout when he's coming to your area
I fell in love with him once, girls, I'm telling ya
I wish I knew what I know now
I swear it never would've went down Dangerous, hell steal your heart away, then run away
He's dangerous, protect your heart, hell tear it apart
Dangerous, hell steal your heart away, then run and play
He's dangerous, protect your heart, hell tear it apart I wish I never fell in love then maybe it wouldn't hurt so much
Inside I tried to keep it in, my heart is screaming for revenge
Caution me before you cross that path, you never know what's up ahead
Don't let him trap you up and get your love because he's dangerous Dangerous, hell steal your heart away, then
run away
He's dangerous, protect your heart, hell tear it apart
Dangerous, hell steal your heart away, then run and play
He's dangerous, protect your heart, hell tear it apart, dangerous
