Dragonslayer

Iron Savior

Just like a spider in the web with its flies
Down through the forest of the Aare-Valley
A hunter, a vagabond of the lies
From Solothurn to Huttwil the king of the thievesDragonslayer he'd like to be
Evil is his destinyA hunter, a lord of the night
A vagabond and a king of the lies
A hunter, a lord of the night
A vagabond and a king of the liesJust like the wolves hungry for flesh
This man is so hungry, so hungry for cash
A sword in his hand, destroy and destruction
He wants to be the king, the king of corruptionDragonslayer he'd like to be
Evil is his destinyA hunter, a lord of the night
A vagabond and a king of the lies
A hunter, a lord of the night
A vagabond and a king of the liesA dream of luck for all his time
Freedom, glory and o crime
A dream of luck for all his time
Freedom, glory and o crimeIn memory of a dragonslayer
In memory of a dragonheart
In memory of a dragonslayer
In memory of a dragonheartIn memory of a dragonslayer
In memory of a dragonheart
In memory of a dragonheart
In memory of a dragonheartJust like a spider in the web with its flies
Down through the forest of the Aare-Valley
A hunter, a vagabond of the lies
From Solothurn to Huttwil the king of the thievesDragonslayer he'd like to be
Evil is his destinyA hunter, a lord of the night
A vagabond and a king of the lies
A hunter, a lord of the night
A vagabond and a king of the lies
