Into Catacombs

Surfer Blood

I am savvy to what my baby wants.
Wants to rest. I would listen to every word she said,
but my baby just wants to rest.
When we're together I'll sleep where you sleep,
bed or the floor doesn't matter to me.
But nothing's complete if you're not my girl,
you bring me peace in this turbulent world.
I was swimming against the years
but now moving forward feels better.
I could love you more. I could love you more.
You mean more to me every day
I would follow you into catacombs.
Yea, my baby just wants to rest.
Wants to rest.
