Pretty Girls

Little Dragon

The green mermaid
And the wavy mane
The California dream
Riding a unicorn through your DalÃ-
The free fantasy
The care free
That beginners luck
The sugar don't live up
Sailing on a banana peel
Your trophy
Start throwing up a boat to barYou magnify the universe
Grab your purse
Grab your luck
Pretty girl, don't get stuck
You're aiming the royal scene
Fast luck
TV dreams
Pretty girl, don't get struckSo, Bubble Hills
Don't you ever burst?
Never let her down
Tossing out time
While you drag your crumbs
The birds ate their round
Hawaiian drinks in a famous face
You pose innocent
Those new lashes don't go to waste
But it could pay your rent
You magnify the universe
Grab your purse
Grab your luck
Pretty girl, don't get stuck
You're aiming the royal team
Fast luck
TV dreams
Pretty girl, don't get struck
Pretty girl, don't get stuck
Pretty girl, don't get struck
Pretty girl, don't get stuck
