

Terrified (feat. Jason Reeves)

Katharine McPhee

You by the light
Is the greatest find
In the world full wrong
You're the thing that's right
Finally made it
Through the lonely
To the other side You said it again
My heart's in motion
Every word feels like a shooting star
I'm at the edge
Of my emotions
Watching the shadows burning in the dark And I'm in love
And I'm terrified
For the first time
In the last time
In my only life And this could be good
It's already better than that
And nothing's worse
Than knowing you're holding back
I could be all
That you needed
If you let me try You said it again
My heart's in motion
Every word feels like a shooting star
I'm at the edge
Of my emotions
Watching the shadows burning in the dark And I'm in love
And I'm terrified
For the first time
In the last time
In my only I only said it 'cause I mean it
I only mean 'cause it's true
So don't you doubt what I've been dreaming
'Cause it fills me up
And holds me close
Whenever I'm without you You said it again
My heart's in motion
Every word feels like a shooting star
Watching the shadows burning in the dark And I'm in love

And I'm terrified
For the first time
In the last time
In my only life
Life
Life
In my only life
