

# Warm Sound

## Jill Cunniff

Faith sealer  
I don't feel you  
Don't hear you speak

Maybe  
Someone else will  
Help you to see

Warm sounds  
Falling slowly  
Takes the time away from me  
Warm sounds  
Feeling no pain  
Taking the time away from me

Fake feeler  
I see through you  
With my eyes closed

Warm sounds  
Falling slowly  
Takes the time away from me  
Warm sounds  
Feeling no pain  
Taking the time away from me

They can't tell me  
What they can't see  
How it feels here  
Just how it feels here  
Just how it feels here ...
