Love Is Not Made In Words

Deborah Cox

Call me on the phone
Say you don't have no idea when you'll be home
But you love me and once again
You're eating dinner while you're
Look at someone else's face
Something's missing when you told me
And I don't feel good at all
I don't wanna be ignored so I can be reassured
Tonight I'm gonna need so much more
There ain't nothing you can say to me
'Cause I heard it all before
If you really love me, you would be showing me
Love is not made in words
I do understand even though
I feel the jealousy creep in
But I'm hoping it's just a fate
'Cause I can't feel disappointed like this everyday
I keep thinking that we could spend sometime
And we can share it physical
I don't wanna be ignored, so I can be reassured
Tonight I'm gonna need so much more
There ain't nothing you can say to me
'Cause I heard it all before
If you really love me, you would be showing me
Love is not made in words
I'll do everything to be the girl of your dreams
You want heaven in your life?
Don't be surprised if one day I ain't around
Don't wonder why
There ain't nothing you can say to me
'Cause I heard it all before
If you really love me, you would be showing me
Love is not made in words
There ain't nothing you can say to me
'Cause I heard it all before
If you really love me, you would be showing me
Love is not made in words, no, no
Show me baby
'Cause I'll be there for you, baby

Do you feel the same?
Say, I'll be there for you
I wanna know if you'll be there for me?
Then let me show it's more than words
Say, I'll be there for you
I wanna know if you'll be there for me?
Then let me show, baby, baby, baby
