

Come Cryin' to Me

[Lonestar](#)

I can see it in your eyes, you're livin' a troubled life
And you've been hurtin' more and more these days
You don't have to hide it, don't even have to fight it
Baby, all you have to do is just turn and walk away When you're tired of it all and tears need to fall
You're back's to the wall, come cryin' to me
You don't have to be strong, you don't have to hold on
You've been there too long, come cryin' to me I'll leave the living room light burnin' all night
No, don't even pack, don't even look back
Baby, come cryin' to me You can get beyond this, all those empty promises
They don't have to hold you down no more
Nothin' to explain to me, you don't even need a key
All you gotta do is knock and I'll unlock the door When you're tired of it all and tears need to fall
You're back's to the wall, come cryin' to me
You don't have to be strong, you don't have to hold on
You've been there too long, come cryin' to me I'll leave the living room light burnin' all night
No, don't even pack, don't even look back
Baby, come cryin' to me I'll leave the living room light burnin' all night
No, don't even pack, don't even look back
Baby, come cryin' to me Baby, come cryin' to me, baby, come cryin' to me
Baby, come cryin' to me, baby, come cryin' to me
