

# All I Need (Instrumental)

[Jonathan Reid Gealt](#)

I'm scared to death  
Of what I feel for you  
It's not just the feelings I'm worried about  
But the thought that I'll never be with you  
In my heart there's the sound of a soldier that cries  
For the home she's longing to see  
But as she rounds the corner to open the door  
She sees her home has been washed out to sea  
Take my hand I plead  
Tell me what will it take for you to see  
That your love is all I need  
So many times I stand here just looking at you  
With a hope you were looking at me  
It would give me the chance to finally tell you the truth  
Of the strength you have brought out in me  
Or the days when I never had the courage to stand  
Or the energy to get off my knees  
You were there without a question or a judgement to pass  
Just to stand there and hold on to me  
Take my hand I plead  
Tell me what will it take for you to see  
That your love is all I need  
This is my chance to finally tell you how I feel  
There's no turning back for that's not part of this deal  
I have never met anyone who's touched me like you do  
And I don't want to face this world  
Without your love  
Take my hand, I'm a soldier who's lost out at sea  
And gently pull me off of my knees  
We'll hear the confession of a soldier's last wish  
You're the home that my heart longs to see  
Take my hand I plead  
Tell me what will it take for you to see  
That your love is all  
Your love is all  
Yes your love is all  
I need
