Wasting Time

Stephen Speaks

(TJ McCloud, R. Ripperger)
Here again in places I can't stay
Hearing the phrases I can't say
So futile for me to be here
Oh I stay, Oh I stay, Oh I stay, and I'm
Wasting time, Wasting time
Wasting time without you
So afraid of everything I'm unaware
Knowing that no one around me cares,
Everywhere I go is empty
I am full of nothing

Still I stay, Still I stay, Still I And I'm
Wasting time, Wasting time
Wasting time without you
Here at your feet I'm feeling quite at home
Knowing that I don't have to be alone
I think that I can stay here for a while, so
Yes I'll stay, Yes I'll stay, Yes I'll stay
And I'm not wasting time, Wasting time
Wasting time without you
