Without Your Love

Toto

It's late at night, nothin's feelin' right
Since you've gone away
I think I know why you left this time
But it's still hard to say
I nearly lost it, when he came around you
Now I'm holdin' it all inside and it's killin' me
We used to meet at an old cafe
Down in Chi-town
At first you could hear the wind stop
Then my heart would pound
I remember everything you used to do, girl
Now I'm learning something that you already knew
It's not the same without your love
Every night and every day, girl
It's not the same without your love
You don't have to be afraid
It's not the same without your love
Every night and every day, girl
It's not the same without your love
I saw you through the door, with your motor runnin'
I can still hear the sound
I knew then, when you asked him in
You let your guard down
You're talking soft, don't tell me, I know you're sincere
I just called to tell you I'm the only one here
It's not the same without your love
Every night and every day, girl
It's not the same without your love
It doesn't have to be this way
It's not the same without your love
Every night and every day, girl
It's not the same without your love
It's not the same without your love
Oh every night, every day, girl
It's not the same without your love
You don't have to be away
It's not the same without your love
We just got to find a way
It's not the same without your love

It's not the same without your love
Every night, every day, every night girl
It's not the same without your love
It's not the same without your love
It's not the same without your love
